

## Phosphate Starter

# Give your pulses the P they deserve

All in1 is a new granular starter fertilizer designed to provide a seed safe total nutrient solution in every prill.

## Solubility is Key

All in1 phosphate and micronutrients are made with a high water solubility for maximum plant uptake with the immobile nutrients. With a full nutrient package in each granule, All in1 maximizes the opportunity for roots to come in contact with the micronutrient solution

## Benefits

- Low Salt index
- Even distribution of nutrients
- Fully soluble for optimal plant uptake
- Full Nutrient complex
- Excellent granule hardness

## Analysis:

Bulk density: 71lbs/ft<sup>3</sup>

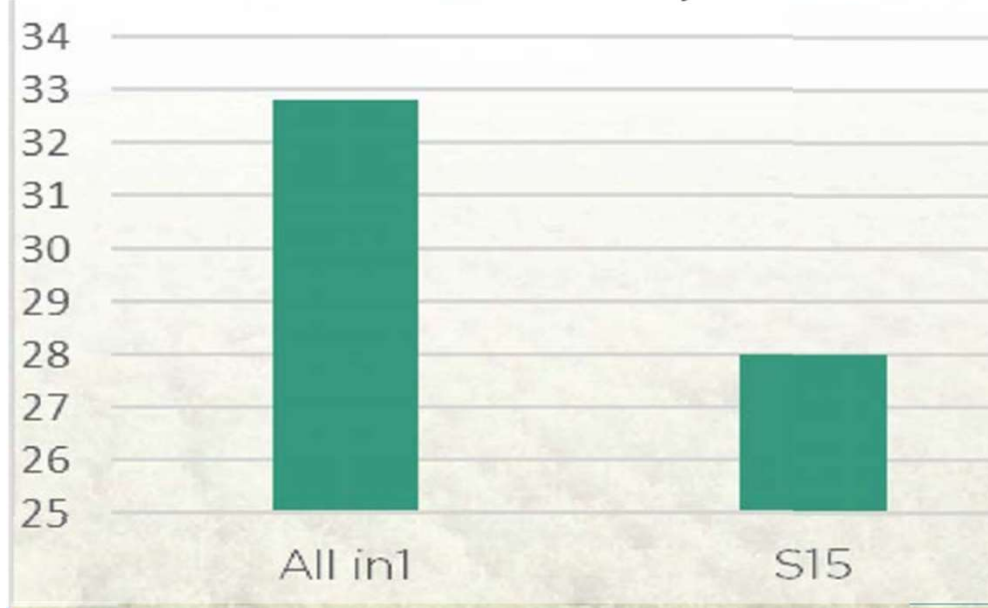

Packaging: bulk or 1250kg bags

Salt index: 17.3

- Nitrogen- 8%
- Phosphorous- 29% (90-100% soluble)
- Potassium -4%
- Sulphur-10%
- Calcium-10%
- Magnesium-0.4%
- Zinc-0.4%
- Boron-0.04%
- Copper-0.02%
- Iron-0.3%

### 2019 Lentils Assiniboia, SK +13%

## CALPHOS for Acidic Soils

- Nitrogen-0%
- Phosphorous-29% from TSP
- Potassium-4% from potassium sulfate
- Sulphur-7%
- Calcium-21%
- Magnesium- 2%

600kg bags or bulk  
SI: 19.78
